Schools and Districts

65% of school fighting, vandalism, and drug use happens in bathrooms and locker rooms where cameras can't reach

Visualize crowding and loitering in real-time for increased situational awareness.

Meet Triton

The smart sensor platform that revolutionizes school safety by detecting vaping, fighting, distress, loitering, gunshots, and more in private spaces and integrates with your security system for complete situational awareness.

Vaping and Drug Detection

ULTRA-FAST detection of Vape, THC, Cigarette Smoke, and Other Drug Emissions.

Loitering Detection

For cutting class and more. Know how long each person has been in the area and get an alert for loitering.

People Counting

Accurate live count of how many people are in the room. Crowding predicts vandalism, bullying, and drug use.

Emergency Keyword Detection

Emergency Safety Keywords include "HELP ME," "EMERGENCY," and eight others.

Gunshot Detection

Detects gunshots with powerful acoustic sensors and AI-based algorithms.

Scream, Shout, and Aggression Detection

Powerful AI algorithms detect screaming, shouting, and other noise anomalies.

Advanced Vandalism Detection

Triton intelligently senses glass breaks, spray paint fumes, and other sound anomalies to catch vandals in real-time.

Smart Speaker and Strobe Light

Deter bad behaviors with a programmable light and speaker. Customize both based on alert type.
